Notes for ministring of Purgations.

The tymes most conuenient to Purge with Electuaries, is when y^e Moone is placed in Cancer: with Potions, when he is placed in Scorpius: and with Sylls, when he is placed in Pisces, the body beyng before prepared, as is conuenient.

Touчыng mylde Purgations which worke gently, and Glysters, th^e ey may be ministrd indifferently at all tymes without any great inconuenience.

But purge by Vomite when the Moone abydeth in signo ruminanti, as name ly in Aries, Taurus, or Capricornus.

Gargarismes are best vsed when the Moone is placed in Aries or in Cancer.

Lastly, as for the foure naturall Powers, seruyng for nourishment: it woulde be noted, that the vertue Attractive is best comforted, when the Moone is in a fyery Signe, as in Aries, Leo, or Sagittarius: the vertue Retentive, when the Moone is in an earthy signe, as eyther in Taurus, Virgo, or Capricornus: the vertue Digestive when the Moone is in an ayery Signe, as in Gemini, Libra, or Aquarius: and the vertue Expulsive, when the Moone is in a watry Signe, as in Cancer, Scorpius, or Pisces.

¶ Memorandum, that this yeere of our Lord. 1590. there shalbe three Eclipses seene in our Horizon, namely two Eclipses of the Moone, and one Eclipse of the Sunne.

The fyrst Eclipse of the Moone shal happen the .viij. day of July being Tuesday, a litle before .iiii. a clocke in y^e mornyng: whose Eclipticke poyntes shalbe .liii. or neare that reckonyng.

The Eclipse of the Sunne shal befall the .xxi. day of the same month July, beyng lykwylse Tuesday, about .vii. of the clocke in the mornyng: whose Ecliptike poyntes wylbe .ix. besydes some odde scruples.

The second Eclipse of the Moone shalbe seene the .xxx. day of December, beyng Wednesday, betweene .v. and .vi. a clocke at nyght: whose Eclipticke poyntes shalbe .ix. and a halfe, or thereaboutes.

Touчыng the signes of the Zodiaque wherein these Eclipses do happen: as also the Astrologicall significations, and effectes thereof, you shal haue them noted in my Prognostication

A necessarie and perfect rule to know the beginning and en- ding of euery Terme, with their Returnes.

(If it be not Sunday) which so beynng, it is then deferred vntyll

Returnes. That is to say.

Trinittie Terme beynneth the Fryday next after Tri-
nittie Sunday, and endeth the Wednesday folowynng after.
And hath foure Returnes. That is to say.

Craft. Trinitatis. }	Quind. Trinitatis.
Octab. Trinitatis. }	Tres Trinitatis.

Michaelmas Terme beynneth the. ix. day of October,
(If it be not Sunday as is before sayd) and endeth the. xxvij. of

Octabis Michael. }	Craft. Animarum.
Quind. Michael. }	Craft. Martini.

Note also, that the Archequer openeth eyght dayes be-
fore any Terme begin, except Trinittie Terme, in which it
openeth but foure dayes before.
